# Transform People. Transform Business.

## Who Are We

Infopro Learning, a leading provider in corporate training and workforce transformation company, helps organizations create an exceptional employee and customer experience through custom performance excellence solutions. For more than **25 years**, the company has designed and implemented engaging learning experiences that attract, develop, and retain talent across the entire employee lifecycle. With offices around the globe, Infopro Learning's technology platforms and governance models support organizations to improve business performance, at a reduced cost.
