Assessments International integrates with additional assessment providers and can incorporate your companies' propriety assessments as well. Call us to discuss how we can align our assessment portal with your assessment needs.

CONSULTING SERVICES

While most organizations use assessments, many are lacking clear strategies for what and how they use assessments. AI consultants create people and assessment strategies that are driven by your business strategies, culture, and values. Whether you are just getting started or already have an established assessment strategy, AI consultants understand business, have strong science backgrounds, and have extensive experience in assessment, leadership development, and employee survey solutions. AI consultants can help build talent frameworks, develop content, facilitate feedback/coaching, and train your team for assessment implementation.

ASSESSMENT SOLUTIONS

Set your organization apart, reduce administrative complexity, simplify the user experience, and access all results with integrated assessment solutions from Assessments International. Access proven proprietary AI assessments and standard assessments from leading publishers on AI's Assessment Portal. Streamline administration, simplify workflows, and provide both administrators and participants a single point of entry for accessing assessments and reports.
